INTRODUCTION

Donaldson®
Filtration Solutions

The Donaldson Europe After-Market Business Development team is pleased to present you the second update of the Agriculture Catalogue for the European market.

In the last years a lot of focus has been put on the completion of the Donaldson After-Market product range. One of the results of this major effort is outlined in this Agriculture catalogue. Just compare our Agriculture Catalogue with its previous edition and convince yourself of how Donaldson is progressing in the After-Market.

Any remarks or comments concerning the Agriculture Catalogue are always very welcome. Please address them to Roger Van Moll at e-mail address Roger.VanMoll@emea.donaldson.com.

After-Market Business Development
Leuven, September 2005.

PRESENTATION DONALDSON

GLOBAL RESOURCES FOR FILTRATION SOLUTIONS

Donaldson Company Inc, headquartered in Minneapolis (USA), is a leading worldwide provider of filtration systems and replacement parts. Founded in 1915, Donaldson is a technology-driven company committed to satisfy customer needs for filtration solutions through innovative research and development. We serve customers in the industrial and engine markets including dust collection, power generation, specialty filtration, off-road equipment and trucks.

Donaldson Europe was established in Belgium in 1966. Close to 40 years later, Donaldson Europe has 24 legal entities doing business in excess of 50 countries throughout Europe, the Middle East and Africa. With its diverse product mix, technological capabilities, global presence and its customer care and support, Donaldson Europe is able to consistently provide quality to its customers region-wide.

Donaldson Engine Systems and Technologies have pioneered the development of nearly every major

advancement in heavy-duty engine air filtration since 1915. Research and product development have been key to Donaldson's success.

Throughout the world, we provide a full range of air filtration systems for use in transportation, construction, mining, agriculture, defense, light vehicle, compressor and industrial applications.

Applying innovative technology, Donaldson products maximize engine performance and reduce maintenance costs for customers all over the world. The Engine product range includes superior filtration and exhaust systems that meet the needs of tomorrow's engines.

Donaldson Engine Systems & Technologies offer a full line of replacement, air, lube, fuel, coolant and hydraulic filter elements for the heavy-duty mobile equipment market. Our products carry the Donaldson brand or that of our OEM partners and are available through an international dealer/distributor network.

ENGINE SYSTEMS & TECHNOLOGIES

Intake Air Filtration Systems & Accessories

Innovative vehicle designs call for new engineering solutions. With the PowerCore™, RadialSeal™ and Alexin™ filtration technology, Donaldson is right there. We provide a full range of primary dry, two stage and scavenging air cleaners for heavy, medium and light duty vehicles. The air cleaner accessory line offers pre-cleaners, clamps, indicators and rain caps.

Hydraulic Filtration Systems & Accessories

Donaldson provides many Original Equipment Manufacturers with high performance, reliable, cost effective and user friendly hydraulic filtration systems. The company has a long tradition in development of filter media with state of the art techniques for manufacturing and testing the performance of synthetic and cellulose media.

Lube, Fuel, Coolant & Crankcase Filtration

Donaldson's extended line of high quality filters for lube, fuel, coolant and crankcase filtration ensures optimal protection for heavy-duty diesel engines. The Donaldson Spiracle™, a closed crankcase ventilation filtration system for turbocharged diesel engines, is one of the innovative filtration solutions for this product range.

Exhaust Systems & Accessories

Donaldson manufactures high quality silencers, tubes, mounting material and accessories for a full exhaust system.

Replacement Elements

We offer a full line of replacement air, lube, fuel, coolant and hydraulic filter elements for the heavy-duty mobile equipment market. Our products carry the Donaldson brand or that of our OEM partners and are available through an international dealer/distributor network.

The Donaldson European Agriculture Catalogue contains the most recent application data available. All major European Agriculture manufacturers are listed. Each section gives you the manufacturers model number, the engine fitted, the filter type and the Donaldson equivalent. At the end of this catalogue, a quick cross-reference section has been added. Keywords have been translated into German, French, Italian and Spanish. You can find them on the flap of the back cover for easy use.

The original part-numbers are given for comparison only. They are not meant to indicate the origin of parts.

The information provided in this catalogue is compiled to the best of our knowledge. However, Donaldson makes no guarantee, either expressed or implied as to the accuracy of the data shown and can not be held responsible for any misapplication. Donaldson operates a policy of continuously developing and improving its product offering and expanding its product line. Please contact your nearest Donaldson distributor or dealer for applications not listed in this catalogue.

This catalogue replaces and makes obsolete the previous Agriculture Catalogue.

De Donaldson Europese Agriculture catalogus bevat de meest recente toepassingsinformatie. De belangrijkste Europese Agriculture fabrikanten staan er in vermeld. Iedere toepassingslijst bevat de volgende informatie; merk, model nummer van de fabrikant, de gemonteerde motor, het type filter en het Donaldson filter equivalent. Aan het eind van de catalogus vindt u een snelle cross referentielijst. Sleutelwoorden werden vertaald in het Duits, Frans, Italiaans en Spaans. Gemakkelijkshalve hebben wij ze voor u op de flap van de kaft gedrukt.

De originele filternummers zijn enkel aangegeven voor uw informatie. Deze zijn niet bedoeld om de herkomst van de filter aan te geven. De informatie in deze catalogus is samengesteld met de grootste zorgvuldigheid. Donaldson kan echter niet aansprakelijk worden gesteld voor eventuele vergissingen of verkeerde toepassingen. Donaldson voert een politiek van konstante zorg om de kwaliteit van haar producten en van een voordurende uitbreiding van het productengamma. Voor iedere toepassing die niet in deze catalogus vermeld staat, kunt u uw dichtsbijzijnde Donaldson verdeler raadplegen.

Door het verschijnen van deze catalogus wordt de vorige Agriculture catalogus ongeldig.

El catálogo agrícola europeo de Donaldson contiene los datos disponibles más recientes que conocemos. Este catálogo contiene la lista de los fabricantes europeos de maquinaria agrícola más importantes. En cada sección figuran el modelo del fabricante, el motor instalado, el tipo de filtro y el equivalente Donaldson. Al fin del catálogo, una lista comparativa de referencias cruces fue añadida. Las palabras clave, han sido traducidas al neerlandés, alemán, francés, italiano y español. Puede encontrarlas en la solapa de la cubierta.

Las referencias originales figuran únicamente a efectos de identificación, y no tienen nada que ver con el origen de las piezas. En éste catalogo hemos recogido toda la información que conocemos. Sin embargo Donaldson no garantiza ni implícitamente ni explícitamente, la exactitud de los datos, no haciéndose responsable de ningún error que pudiera derivarse de éstos. Donaldson sigue una política de continuo desarrollo y mejora de sus productos, ofreciendo una ampliación de sus líneas de producción. En el caso de que no encuentre la aplicación que necesita en este catálogo, no dude en ponerse en contacto con el distribuidor Donaldson más próximo.

Este catálogo substituye y anula el catálogo agrícola anterior.

 Le catalogue Agricole européen Donaldson contient les renseignements les plus récents concernant les applications de filtres. Tous les principaux constructeurs agricoles européens y sont repris. Chaque section vous donne le numéro de référence du véhicule, le moteur, le type de filtre et son équivalent Donaldson. A la fin du catalogue, une section d'équivalences avec les références de filtre des constructeurs a été introduite. Les mots-clefs ont été traduits en néerlandais, allemand, français, espagnol et italien. Vous les trouverez sur le rabat de couverture du catalogue.

Les numéros de référence constructeur sont donnés à titre comparatif uniquement.

Les informations contenues dans ce catalogue sont aussi correctes que possible. Donaldson ne garantit cependant ni explicitement, ni implicitement leur exactitude. Donaldson s'efforce continuellement de développer et améliorer ses produits et de compléter sa gamme de produits. Pour toute application n'apparaissant pas dans le catalogue, nous vous suggérons de contacter votre distributeur Donaldson le plus proche.

Ce catalogue remplace et annule le catalogue Agricole précédent.

 Der europäische Donaldson Katalog für Landmaschinen beinhaltet die neuesten und relevanten Anwendungsdaten. Alle bedeutenden europäischen Hersteller von Landmaschinen sind in diesem Katalog aufgeführt. Jeder Bereich gibt die Herstellermodellnummer, den entsprechenden Motor, den Filtertyp und die dazu entsprechende Donaldson Teilenummer an. Die Original Ersatzteilenummer finden Sie am Ende des Katalogen. Schlüsselworte sind ins Niederländisch, Deutsch, Französisch, Spanisch und Italienisch übersetzt worden. Diese Schlüsselworte sind zur einfachen Verwendung als Anhang dem Deckblatt zu finden.

Die Original Ersatzteilenummern der Fahrzeughersteller dienen nur internen Vergleichzwecken. Sie sind keine Herkunftsbezeichnung und dürfen Fahrzeugbesitzern gegenüber nicht verwendet werden.

Die in dem Katalog vorhandenen Informationen sind nach bestem Wissen zusammengestellt worden. Donaldson gibt keine Garantie bezüglich der angegebenen Daten und übernimmt keine Haftung für Falschgebrauch. Donaldson arbeitet beständig daran die angebotene Produktpalette zu prüfen und zu erweitern. Falls Sie etwas in dem Katalog nicht finden können, nehmen Sie mit dem Donaldson Grosshändler in Ihrer Nähe Kontakt auf.

Dieser Katalog ersetzt den vorherigen Katalog für Landmaschinen.

 Il catalogo europeo Donaldson per applicazioni agricole contiene le più recenti applicazioni attualmente disponibili. Tutti i più importanti costruttori europei di macchine agricole sono inclusi. Ogni paragrafo fornisce l'indicazione del modello del costruttore, il relativo motore, il tipo del filtro e l'equivalente Donaldson. Alla fine del catalogo, troverete la sezione con i riferimenti dei costruttori. Le parole chiave sono state tradotte in olandese, tedesco, francese, italiano e spagnolo. Le troverete nella parte interna della copertura.

I riferimenti originali sono forniti solo per comparazione. Essi non forniscono indicazione sull'origine dei prodotti.

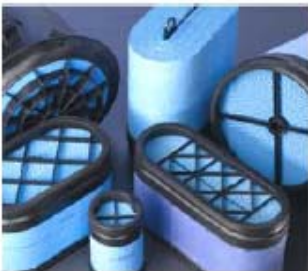

Le informazioni fornite in questo catalogo sono il frutto della nostra profonda esperienza. Tuttavia, Donaldson non garantisce, sia formalmente che implicitamente, l'essattezza dei dati riportati e non si ritiene responsabile per qualsiasi tipo di erronea applicazione. Donaldson persegue una politica di sviluppo continuo, di miglioramento della sua offerta e di ampliamento della sua gamma di prodotti. Vi preghiamo contattare il distributore Donaldson il più vicino per qualsiasi applicazione non presente in questo catalogo.

Questo catalogo sostituisce ed annulla il catalogo per applicazioni agricole precedente.

DONALDSON POWERCORE™

PEAK PERFORMANCE IN HALF THE SPACE OF A CONVENTIONAL AIR FILTER!

Innovative vehicle designs call for new engineering solutions. Donaldson is right there with you!!!

When you're squeezed for space, take a look at Donaldson's PowerCore™ Filtration Technology.

Unlike ordinary pleated air filters, PowerCore™ filters are shaped into parallel fluted tubes, which allow straight-through airflow for reduced restriction and more surface area in a given space.

Therefore PowerCore™ allows you to cut space - not performance, reduce weight and restriction, increase dust- and soot-holding capacity, extend your filter life, reduce your maintenance cost and they're metal-free and easier to service too.

Introduced for engine applications in Europe since 1999!!!

Already more than 1.200.000 first fit systems in the field!!!

Donaldson.

Donaldson[®]
Filtration Solutions

General Engine Aftermarket Warranty

...for Filtration and Exhaust Products

Donaldson warrants its Aftermarket products against failure due to defects in materials and workmanship for the period specified under Terms and Conditions for the particular product.

Donaldson's obligation under this warranty covers replacing the failed product, including transportation charges, only. If the Donaldson product failure is the sole and direct cause of damage to the equipment on which the product was properly installed, Donaldson will reimburse reasonable costs to restore the equipment to the condition it was in immediately before the failure. This warranty does not cover failure due to misapplication, misuse, abuse, neglect, rust through and corrosion (mufflers), improper service practices or non-Donaldson approved modifications. Engine and equipment manufacturers' warranties remain in effect when Donaldson products are used.

Donaldson must be notified in writing of any claims covered by this warranty within one year of the date of failure. Donaldson, at its discretion, will either physically visit the site where the alleged failure has been found; or, request that all parts, Donaldson and other relevant parts, be shipped prepaid to its General Office, in care of the Product Lab or as otherwise specified.

Terms & Conditions

Warranty coverage begins at the date of installation to the original end-user, and expires after the indicated period or kilometres, whichever occurs first.

More detailed information can be found in the Donaldson Europe Operating Guide or can be received upon request.

Warranty Length by Product
